

The Maui Transitions Center

Do you hear the call?

Is something calling you to take time for personal reflection and new growth?

There comes a time in each of our lives when we reach a crossroad. Perhaps it is a time when we find ourselves burned out or considering a career change. Maybe it is a new lifestyle brought on by circumstances beyond our control, such as the death of a spouse, or a divorce. At such times we need to stand back and look closely at where we go from here.

The Maui Transitions Center offers an intensive five-day program designed for adults who desire to examine their life's journey and begin the process of renewal. Our expertise will help make your transition smoother. The program incorporates processes for your body, mind and spirit.

Come, join us on Maui, for renewal, results and fun!

What our clients say about us...

"This is a great correction course in life as far as I am concerned. I am giving myself the gifts of compassion and time that I give to others."

Come to Maui to manage the changes in your life.

The Maui Transitions Center

When it is time for you to change, what a great change of place.

Transition: (tran zish' en) n. [L. transition] 1.a) a passing from one condition, form, stage, activity, place, etc. to another. 2.b) the period of such passing

We'll help you get unstuck.

One of the most difficult aspects of transition is a feeling of being out of control. For some of us, it is the first time in our lives that we have felt this way. We don't know how to cope.

The moment you decide to participate in the Maui Transitions Series you will already begin to take back control of your life.

Our program is designed to help you understand the

dynamics of change, recognize the symptoms of the need for change and develop skill sets that make change easier for you to manage. Our campus is located among 22,000 pristine acres of beauty in Kapalua, Maui, Hawaii. **Our program is highly interactive, experiential, and has a unique learning process.**

Competent staff facilitate your individual needs as you sort through the problems and barriers that stand in your way. Your days won't be spent just listening to lectures, you will be actively engaged in managing your transition.

This vacation is to learn, not laze.

Maui Transitions Center participants have an option of joining one of our regularly scheduled group sessions limited to no more than 10 participants, or choosing to make theirs a solo voyage.

Whatever their choice, our clients receive support from experienced staff who work with them, one on one, throughout the process. While our programs are carefully structured, participants work in an individualized fashion, depending on their own needs and wishes.

Our Campus is the island of Maui, Hawaii. *Each day we combine the beauty of nature with introspection, group presentations, interactive learning situations, and reflection. Your homework assignments may take you to the beach, or may be completed under the massive arms of ancient Monkey Pod trees. Dress is casual. Shoes are optional.*

We are waiting to welcome you to Maui in the true Hawaiian spirit of Aloha.

A proven place for renewal, results and fun

A place apart for rediscovering the worlds within

The Maui Transitions Center team is co-directed by William and Dayle Spencer, founders of PANGAEA. The Spencers have more than thirty years experience in managing change with individuals, corporations, and in societies world-wide. Let their experience help you. They know what you are going through.

Call or contact us for a complete schedule and rate information!
